PERFORMING
ARTS CENTER

When you buy from an
Independent Artist
you are buying more than just a

Painting

You are buying hundreds of hours of
experimentation and thousands of
failures. You are buying days, weeks,
months, years of frustration and

pure joy

You aren't just buying a thing.

You are buying a piece of heart.

Most importantly you are buying
that artist more time to do
something they are truly passionate
about; something that makes all of
the fear and self-doubt worthwhile.

Something that

Puts the life into living.

Thank you for celebrating our second annual Heart of the Arts project. We are not only blessed by the beautiful creations our artists have created, but by the generous support of our Presenting Sponsor – Zippo and Case Manufacturing, our business sponsors, the encouragement of our board, and the time and energy given by our dedicated HOTA Team. A special thank you to our senior community at Chapel Ridge, the Bradford Eccumenical Home, and individuals at Future's Rehabilitation program for their inspirational hearts they created as part of our community connection piece.

We hope you have enjoyed our artists' inspirational pieces that have been on display throughout the county this summer and will consider purchasing one of the hearts at the auction. In doing so, you will not only support our creative artists, but also support The Bradford Creative and Performing Arts Scholarship Fund awarded to a graduating senior in McKean County to help future artists pursue a vocation in the arts. 50% of the proceeds will go to our creative artists, and the rest will support the scholarship fund. Last year's auction raised over \$7K to help support this project.

Heart of the Arts was created to challenge and encourage our visual artists. To create yet another opportunity for them to network and support one another as they inspire and motivate each of us with their incredible talents and gifts. We are so fascinated by each of our artists' stories. I encourage you to scan the QR code on your brochure to read their bios. Art celebrates the artist's triumph at manifesting their ideas and giving their creativity a vehicle to communicate to us something beyond words. It appeals to our emotions and connects with us on a much deeper level. George Bernard Shaw once said, "Without art, the crudeness of reality would make the world unbearable." Art is truly at the heart of the artist.

A handwritten signature in black ink, reading "Darren B. Litz". The signature is fluid and cursive, with the first name "Darren" being more prominent and the last name "Litz" following in a similar style.
