When you buy from an
Independent Artist
you are buying more than just a
Painting

You are buying hundreds of hours of
experimentation and thousands of
failures. You are buying days, weeks,
months, years of frustration and
pure joy

You aren't just buying a thing.
You are buying a piece of heart.
Most importantly you are buying
that artist more time to do
something they are truly passionate
about; something that makes all of
the fear and self-doubt worthwhile.
Something that
Puts the life into living.

Community Connection

A Special THANK YOU to our friends at Sena Kean and Chapel Ridge for creating such beautiful hearts for us to display! Thank you Julie Mader for coordinating this special connection!

Thank you for celebrating this inaugural launch of the Heart of the Arts project. We are not only blessed by the beautiful creations our artists have created, but by the generous support of our business sponsors, the encouragement of our board, and the time and energy given by our dedicated HOTA (Heart of the Arts) Team. A special thank you to our senior communities for their inspirational hearts they created as part of our community connection piece.

Heart of the Arts was created to inspire and encourage our regional artists, to create yet another opportunity for them to network and support one another as they transform, illuminate, educate, encourage, inspire and motivate each of us with their incredible gifts. Art is the vehicle that allows us to express that which cannot be put to words. Creative artists stimulate us, create intense feelings, nurture our curiosity, and boost our creativity with their magnificent artworks. Art is quite intimate. After all, it is an artist's expression of their innermost landscape, their very intimate perspective of the world, and how they experience reality. As such, artists share with us a part of their personality that would normally be hidden deep inside. Art is truly at the heart of the artist. Hence, the inspiration for this project, Heart of the Arts... An opportunity to gather our local and regional artists and display the beauty of the Twin Tier's region through their creative works.

We hope you have enjoyed their inspirational pieces that have been on display throughout the county this summer and will consider purchasing one of the hearts at the auction. In doing so, you will not only support our creative artists, but also support The Bradford Creative and Performing Arts Scholarship Fund awarded to a graduating senior in McKean County to help future artists pursue a vocation in the arts. 50% of the proceeds will go to our creative artists, and the rest will support the scholarship fund.
